## EU Declaration of Conformity

This declaration of conformity is issued for:

Model Numbers: EP-P01 (EnPointe Pocket Box)  
EP-R01 (EnPointe Relay Box)  
EP-K01 (EnPointe Relay Box Set)

Serial Number Format: S/N: XXXXXXXXXXXXXXXX

Name and Address of Manufacturer: EnPointe Fencing Pty Ltd  
5a Hartnett Close  
Mulgrave 3170 Australia

The EnPointe Relay Box Set is comprised of three separate devices (two Pocket Boxes (EP-P01), and one Relay Box (EP-R01) which are used together to wirelessly distinguish types of contact in the sport of fencing. The system is used with existing scoring machines to aid referees in awarding points.

The EP-R01 is connected to a standard fencing scoring machine. The EP-P01 devices are held in the back pocket and connected to the lamé (metal jacket) and the blade, with a wire through the jacket sleeve. During operation the EP-P01 senses contact between two fencers and sends gathered information to the EP-R01. The EP-R01 then replicates the sensed connections for the wired scoring machine to interpret.

This declaration of conformity is issued under the sole responsibility of EnPointe Fencing Pty Ltd.

The object of the declaration described above is in conformity with the following relevant European Union harmonisation legislation:

Directive 2011/65/EU  
Directive 2014/53/EU  
Directive 2014/30/EU  
Council Recommendation 1999/519/EC of 12th July 1999

The following relevant harmonised standards were used to assess conformity:

Safety:	EN 60950-1:2006 including its Amendments Nos. A1, A2, A11 and A12
