EU Declaration of Conformity

This declaration of conformity is issued for:

Model Numbers:	EP-P01 (EnPointe Pocket Box) EP-D01 (EnPointe Display Box) EP-K02 (EnPointe Display Box Set)
Serial Number Format:	S/N: XXXXXXXXXXXXXXXX
Name and Address of Manufacturer:	EnPointe Fencing Pty Ltd 5a Hartnett Close Mulgrave 3170 Australia

The EnPointe Display Box Set is comprised of three separate devices (two Pocket Boxes (EP-P01), and one Display Box (EP-D01) which are used together to wirelessly distinguish types of contact in the sport of fencing. The system is used to display touches and equipment faults, and serves to aid referees in awarding points.

The EP-P01 devices are held in the back pocket and connected to the lamé (metal jacket) and the blade, with a wire through the jacket sleeve. During operation the EP-P01 senses contact between two fencers and sends gathered information to the EP-D01. The EP-D01 then interprets the sensed connections and displays the result.

This declaration of conformity is issued under the sole responsibility of EnPointe Fencing Pty Ltd.

The object of the declaration described above is in conformity with the following relevant European Union harmonisation legislation:

Directive 2011/65/EU
Directive 2014/53/EU
